Chair Options

Each of our upholstered chairs may be ordered with a wide range of fabrics. The ‘White Price’ represents the baseline cost for ordering a chair with custom upholstery, this is added to the cost of the fabric to determine the A, B, C and custom upholstery prices.

The meterage listed at the top of every upholstered item represents the amount of fabric required in metres to upholster **one** unit. The more fabric required, the more expensive the A, B and C prices will be.
