# Chair Options

Each of our upholstered chairs may be ordered with a wide range of fabrics. The ‘White Price’ represents the baseline cost for ordering a chair with custom upholstery, this is added to the cost of the fabric to determine the A, B, C and custom upholstery prices.

The meterage listed at the top of every upholstered item represents the amount of fabric required in metres to upholster **one** unit. The more fabric required, the more expensive the A, B and C prices will be.

The warranty on all chairs supplied by Matic is based on an eight-hour shift work day and for users weighing up to and no more than 140kg.

If faulty goods have been supplied, please notify our office in writing so we can advise you in detail of the procedure for rectification or return.

Under no circumstances will a Matic representative be authorised to complete repairs unless all of the three above service requirements have been completed and submitted to Matic.

If the fault is found to be that of the manufacturer and within warranty no charges will apply, including but not limited to all associated freight to and from the customer to rectify the fault or supply replacement goods.
